## School Accountability Report Card

### Reported Using Data from the 2017-18 School Year

### Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### **School Description and Mission Statement (School Year 2018-19)**

Potter Valley Community Unified School District was born out of a community commitment to local education. Once a part of Ukiah Unified Schools, community members came together in the late 1970's to fight for the right to form our own school district under local control. This dream became a reality in 1977-1978 when Potter Valley officially de-unified from Ukiah and formed Potter Valley Community Unified School District.

After over 39 years of operation, Potter Valley continues to proudly provide a high quality, local education for students, preschool through 12th grade.

We pride ourselves in providing a uniquely relational and personalized approach to education. As state and federal mandates and increased governmental intrusion place greater emphasis on data driven decision making and increased focus on student performance measured by high-stakes testing, the students, parents, and staff at Potter Valley Elementary School have committed themselves to making the necessary adjustments to meet these demands, but also to remain true to our roots and keep the best interest of students at the center of everything we do. Our motto, "Potter Valley Schools, a family rather than a factory approach to education," expresses this focus, and inspires all stakeholders to work hard to maintain a school where "Community" is more than just a word in our district name; it is a description of how we approach education.

### School Facility Conditions and Planned Improvements (Most Recent Year)

The Elementary School was constructed in the 1950's and the Junior/Senior High School was built in 1981. The gymnasium, built in the 1950's is used by the Elementary, Junior High and Senior High schools. The stage was re-purposed in 2009 and transformed into a weight training facility that can be monitored while other activities are supervised in the gym.

School buildings and grounds are generally in good repair and students and staff work together to keep them clean and maintained. Students in our landscaping class do upkeep of lawns and flower beds and also construct various landscape projects annually.

Recent facilities improvements included re-roofing several buildings in the district, resurfacing the gym floor, removing trees that were causing damage to structures or sidewalks, and installing a back-up water storage system.

Routine site inspections are performed monthly by maintenance staff. The latest report showed no safety issues and several items in need of repair. Safety inspections are performed at least annually by the district’s insurance company with the guidance and cooperation of our maintenance staff.

In the 2012-13 School Year the District has contracted Alameida Architecture to prepare a Facility Assessment and Master Plan. A copy of this plan is available on the district web-site.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
<b>English Language Arts/Literacy (grades 3-8 and 11)</b>	53.0	57.0	32.0	37.0	48.0	50.0
<b>Mathematics (grades 3-8 and 11)</b>	20.0	14.0	20.0	22.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2017-18)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
<b>All Students</b>	15	14	93.33	57.14

<b>Socioeconomically Disadvantaged</b>	11	10	90.91	60.00
<b>English Learners</b>	--	--	--	--
<b>Students with Disabilities</b>	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group  
Grades Three through Eight and Grade Eleven (School Year 2017-18)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	15	14	93.33	14.29

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students  
Grades Five, Eight, and Ten**

Subject	Percentage of Students Meeting or Exceeding the State Standard					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
Science (grades 5, 8, and 10)	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

**Career Technical Education Programs (School Year 2017-18)**

Potter Valley Schools have a rich tradition of providing high quality CTE courses. The seven period day provides all students the opportunity to take CTE courses, even if they are pursuing extra academic course work. We currently offer a broad spectrum of agricultural courses. Students are encouraged to attend a variety of career exploration events and the school hosts presentations by several vocational training and technical institutes. Several of our graduates have gone on to attend technical or career schools after high school.

Current CTE Courses include: Introduction to Agriculture, Agricultural Mechanics (including welding), Agricultural Applications in Farming, Landscaping, Woodworking.

Additionally the school works in partnership with the Mendocino County Office of Education to provide special education students with in-depth career and vocational exploration and experience through the Workability program. This includes career aptitude and interest exploration and formal job shadows or internships.

This year an Agriculture Science pathway was added. The A-G courses added include Animal Science and Agriculture Chemistry

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

### Opportunities for Parental Involvement (School Year 2018-19)

Parents are a vital part of our school and have many opportunities to be involved. We include parents in many decisions through participation in the District Advisory Committee, Athletic Boosters, field trips, fund raising events, and parent committees. Our active DAC has important responsibilities in the ongoing development and implementations of the Local Control Accountability Plan. Additionally, parents are welcomed in classrooms to assist with special projects and are utilized as chaperones on field trips. School administrators welcome parent phone calls and are readily available to meet with parents to discuss concerns or take input on school programs or projects.

Parents interested in meeting with teachers or administrators are encouraged to call the high school office at 707-743-1142 and speak with principal Holly McLaughlin or the Academic Counselor, Ben Calvert. Additionally, parent input is gathered for programs such as Title I, English Language Learners, and Special Education.

The Comprehensive School Safety Plan was originally adopted in 1998. Since that time this plan has been used as a reference to guide board policy, administrative regulations, and site level planning and procedures.

Safety concerns are addressed routinely at Maintenance Operations Transportation and Safety Committee meetings. Concerns regarding safety, including those related to student behavior are addressed immediately. Students participate in fire, earthquake, lock-down drills. This year, all of the district campuses had new door locks installed for improved safety and a new fire alarm and PA system has been installed district wide.
