2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Potter Valley Community Unified School District was born out of a community commitment to local education. Once a part of Ukiah Unified Schools, community members came together in the late 1970's to fight for the right to form our own school district under local control. This dream became a reality in 1977-1978 when Potter Valley officially de-unified from Ukiah and formed Potter Valley Community Unified School District.

After over 45 years of operation, Potter Valley continues to proudly provide a high quality, local education for students, preschool through 12th grade. We are pleased to offer Spanish and Art throughout the district. We have an early release day on Thursdays for students, which enables teachers to participate in Professional Development opportunities and Professional Learning Community Team meetings.

We pride ourselves in providing a unique relational approach to education in contrast to the big-box schools that struggle to keep students from becoming a face in the crowd. The students, parents, and staff at Potter Valley Elementary School have committed themselves to make the necessary adjustments to our curriculum to meet the rigorous demands of standardized state testing, but also to remain true to our roots and keep the best interest of students at the center of everything we do.

The school has made great strides with technology to enhance and enrich instruction. All classrooms have current technology for the use of teachers and students. Chromebooks are used in each grade level to enhance instruction. Our adopted writing, math, and ELA programs are aligned with Common Core Standards.

Reading and Math interventions are used to promote reading and math growth and fill skill gaps for all students from kindergarten through sixth grade. Data is used to diagnose reading and math strengths and weaknesses and to help form the best reading and math instruction for each student.

Our motto, "Potter Valley Schools, a family rather than a factory approach to education," expresses this focus, and inspires all stakeholders to work hard to maintain a school where "Community" is more than just a word in our district name; it is a description of how we approach education.

For questions about our schools contact the school offices. Elementary Office 707-743-1115 Jr./Sr. High Office 707-743-1142

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The Elementary School was constructed in the 1950's and the Junior/Senior High School was built in 1981. The gymnasium, built in the 1950's is used by the Elementary, Junior High and Senior High schools. The stage was re-purposed in 2009 and transformed into a weight training facility that can be monitored while other activities are supervised in the gym. It is still also used as a stage for performances and graduation.

Routine site inspections are performed monthly by maintenance staff. The latest report showed no safety issues and several items in need of repair. Safety inspections are performed at least annually by the district's insurance company with the guidance and cooperation of our maintenance staff.

In the 2012-13 School Year the District contracted Alameida Architecture to prepare a Facility Assessment and Master Plan. A copy of this plan is on our district web-site. On November 3, 2015, the Potter Valley community passed a general obligation bond for \$3.1 million to update the district's electrical system and install HVAC. June, 2017 was the start of this project. Great improvements to classrooms, bathrooms, and parking lots are notable and visual to the students, parents, staff, and community. These improvements were completed in June, 2018. Improvements to the cafeteria were completed last year. This year we began working on our outdoor learning environment which is expected to be completed early in 2023.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	32	N/A	30	N/A	47
Mathematics (grades 3-8 and 11)	N/A	27	N/A	20	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parents are a vital part of our school and have many opportunities to be involved. We include parents in many decisions through participation in the District Advisory Committee, ELAC, PTSO- which includes fundraising and family night activities, ELAC, community meetings, field trips, and on campus as guest speakers. Our library is staffed by parent volunteers. Additionally, parents are welcomed in classrooms to assist with special projects and are utilized as chaperones on field trips. School administrators welcome parent phone calls and are readily available to meet with parents to discuss concerns or take input on school programs or projects. Parent input is also gathered for programs such as Title I, English Language Learners and Special Education. Our active District Advisory Committee (DAC) has important responsibilities in the ongoing development and implementation of the Local Control Accountability Plan as well as the development of the ESSER III Plan, the Educator Effectiveness Block Grant Plan, and the A-G completion grant plan. DAC meets bimonthly with open meetings accessible to all community members. The District's ELAC provides opportunities to make connections with parents of English Learners, provide opportunities for input on the LCAP, ESSER III Plan, and other grants, as well as provide education regarding Reclassification and the ELPAC.

Parents interested in meeting with teachers or administrators are encouraged to call the elementary school office at 707-743-1115 and speak with the principal, Nichole Stoughton, or school secretary, Danelle Keeton.

C. Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

The comprehensive school safety plan is revised annually. This plan was most recently reviewed by the staff as a whole, the District Advisory Committee, and adopted by the school board. The plan is also reviewed with local law enforcement. The comprehensive plan addresses school culture, anti-bullying initiatives, school discipline policies, and emergency procedures. Safety concerns are addressed routinely at Maintenance Operations Transportation and Safety Committee meetings. Concerns regarding safety, including those related to student behavior, are addressed immediately. Students participate in fire, earthquake, and lock-down drills.

2021-22 Types of Services Funded

Categorical Funding Sources have restricted uses, but support the school in the mission of equitable services to all students.

Categorical funds are used in facilitating the development of the district's LCAP. District Advisory Committee, site instructional leaders, and project coordinators oversee the management of the English Learners Program, monitor and provide instructional support to all categorically funded programs under the Every Student Succeeds Act (ESSA), and conduct needs assessments. The superintendent is responsible for monitoring the site level implementation of categorical programs and acting as a liaison for the district with the federal and state government and county agencies.

Professional Development

In addition to the 3 days of professional development scheduled at the beginning of the school year and one in November., there are 33 minimum days that are used for professional development and PLC time. Teachers, administrators, and classified staff, are welcome to participate in professional development outside of the district. In 2014-15, the district hired a mentor/coach for all new teachers in the district. This mentor provides support for development of lesson plans, academic pacing, classroom management and all aspects that new teachers need to succeed in a new district. This mentor is also available to all certificated staff. This support proved to be so successful that it was continues presently. In addition, new teachers to the district receive another layer of support with the Induction Program. This includes after school trainings, meetings with administration, and observations in other classrooms in and out of district with their induction mentor.

This table displays the number of school days dedicated to staff development and continuous improvement.
