## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

Potter Valley Community Unified School District was born out of a community commitment to local education. Once a part of Ukiah Unified Schools, community members came together in the late 1970's to fight for the right to form our own school district under local control. This dream became a reality in 1977-1978 when Potter Valley officially de-unified from Ukiah and formed Potter Valley Community Unified School District. After over 44 years of operation, Potter Valley continues to proudly provide a high quality, local education for students, preschool through 12th grade.

We pride ourselves in providing a uniquely relational and personalized approach to education. As state and federal mandates and increased governmental intrusion place greater emphasis on data driven decision making and increased focus on student performance measured by high-stakes testing, the students, parents, and staff at Potter Valley Junior High School have committed themselves to making the necessary adjustments to meet these demands, but also to remain true to our roots and keep the best interest of students at the center of everything we do. Our motto, "Potter Valley Schools, a family rather than a factory approach to education," expresses this focus, and inspires all stakeholders to work hard to maintain a school where "Community" is more than just a word in our district name; it is a description of how we approach education.

#### A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## 2020-21 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent

## School Facility Conditions and Planned Improvements

The Elementary School was constructed in the 1950's and the Junior/Senior High School was built in 1981. The gymnasium, built in the 1950's is used by the Elementary, Junior High and Senior High schools. The stage was re-purposed in 2009 and transformed into a weight training facility that can be monitored while other activities are supervised in the gym.

School buildings and grounds are generally in good repair and students and staff work together to keep them clean and maintained. Students in our landscaping class do upkeep of lawns and flower beds and also construct various landscape projects annually.

Routine site inspections are performed monthly by maintenance staff. The latest report showed no safety issues and several items in need of repair. Safety inspections are performed at least annually by the district's insurance company with the guidance and cooperation of our maintenance staff.

In the 2012-13 School Year the District has contracted Alameida Architecture to prepare a Facility Assessment and Master Plan. A copy of this plan is available on our website. On November 3, 2015, the Potter Valley community passed a general obligation bond for \$3.1 million to update the district's electrical system and install HVAC. These projects were completed in the fall of 2018. Improvements to the cafeteria were completed last year. This year we began working on our outdoor learning environment which is expected to be completed early in 2023.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	29	N/A	30	N/A	47
<b>Mathematics</b> (grades 3-8 and 11)	N/A	18	N/A	20	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Parents are a vital part of our school and have many opportunities to be involved. We include parents in many decisions through participation in the District Advisory Committee, ELAC, Athletic Boosters, field trips, fund raising events, and parent committees. Our active District Advisory Committee (DAC) has important responsibilities in the ongoing development and implementations of the Local Control Accountability Plan as well as the development of the ESSER III Plan, the Educator Effectiveness Block Grant Plan, and the A-G completion grant plan. DAC meets bimonthly with open meetings accessible to all community members. Additionally, parents are welcomed in classrooms to assist with special projects and are utilized as chaperones on field trips. School administrators welcome parent phone calls and are readily available to meet with parents to discuss concerns or take input on school programs or projects.

The District's ELAC provides opportunities to make connections with parents of English Learners, provide opportunities for input on the LCAP, ESSER III Plan, and other grants, as well as provide education regarding Reclassification and the ELPAC.

Parents interested in meeting with teachers or administrators are encouraged to call the Jr high/high school office at 707-743-1142 and speak with Principal Rick Kale or the Academic Counselor, Ben Calvert. Additionally, parent input is gathered for programs such as Title I, English Language Learners, and Special Education.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

## 2022-23 School Safety Plan

The comprehensive school safety plan is revised annually. This plan was most recently reviewed by the staff as a whole, the the District Advisory Committee and adopted by the school board. The plan is also reviewed with local law enforcement. The comprehensive plan addresses school culture, anti-bullying initiatives, school discipline policies, and emergency procedures. Safety concerns are addressed routinely at Maintenance Operations Transportation and Safety Committee meetings. Concerns regarding safety, including those related to student behavior are addressed immediately. Students participate in fire, earthquake, lock-down drills.

## Professional Development

In addition to the the 4 days of professional development scheduled before the school year, there are 33 minimum days that are used for collaborative professional development. Teachers, administrators, and classified staff, are welcome to participate in professional development outside of the district. The focus for staff development reflects the areas of need from the state and local assessments and the California Dashboard. For the 2020-2021 a focus on distance learning was incorporated into the professional development plan. During the 2022-2023 school year, professional development focused on schoolwide implementation of the MTSS Framework and PBIS schoolwide strategies.

This table displays the number of school days dedicated to staff development and continuous improvement.
