## 2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

## Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

## 2025-26 School Description and Mission Statement

Potter Valley Community Unified School District was born out of a community commitment to local education. Once a part of Ukiah Unified Schools, community members came together in the late 1970's to fight for the right to form our own school district under local control. This dream became a reality in 1977-1978 when Potter Valley officially de-unified from Ukiah and formed Potter Valley Community Unified School District. After over 44 years of operation, Potter Valley continues to proudly provide a high quality, local education for students, preschool through 12th grade.

We pride ourselves in providing a uniquely relational and personalized approach to education. As state and federal mandates and increased governmental intrusion place greater emphasis on data driven decision making and increased focus on student

## 2025-26 School Description and Mission Statement

performance measured by high-stakes testing, the students, parents, and staff at Potter Valley Elementary School have committed themselves to making the necessary adjustments to meet these demands, but also to remain true to our roots and keep the best interest of students at the center of everything we do. Our motto, "Potter Valley Schools, a family rather than a factory approach to education," expresses this focus, and inspires all stakeholders to work hard to maintain a school where "Community" is more than just a word in our district name; it is a description of how we approach education.

## A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

### 2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3—Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2024-25 Career Technical Education Programs

Potter Valley Schools have a rich tradition of providing high quality CTE Agricultural courses. We currently offer a broad spectrum of agricultural courses including: Introduction to Agriculture, Agricultural Mechanics (including welding), Agricultural Applications in Farming, Landscaping, Woodworking, Animal science, plant and soil science, AG Chemistry and AG physics. Several of our classes are also Dual Enrollment classes with Mendocino College and the school is working to increase this alignment and opportunity in the coming years.

Additionally, the school works in partnership with the Mendocino County Office of Education to provide special education students with in-depth career and vocational exploration and experience through the Workability program. This includes career aptitude and interest exploration and formal job shadows or internships. Our career aptitude and interest exploration are for jobs specific to the needs in Mendocino county. The A-G courses added include Animal Science, Agriculture Chemistry, and Agriculture Physics. In addition, a dual enrollment course with Mendocino College was added to our master schedule in the Agriculture department.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2025-26 Opportunities for Parental Involvement

Parents are a vital part of our school and have many opportunities to be involved. We include parents in many decisions through participation in the District Advisory Committee, ELAC, Athletic Boosters, field trips, fundraising events, and parent committees. Our active District Advisory Committee (DAC) has important responsibilities in the ongoing development and implementation of the Local Control Accountability Plan as well as the development of the ESSER III Plan, the Educator

## 2025-26 Opportunities for Parental Involvement

Effectiveness Block Grant Plan, and the A-G completion grant plan. DAC meets monthly with open meetings accessible to all community members. Additionally, parents are welcomed in classrooms to assist with special projects and are utilized as chaperones on field trips. School administrators welcome parent phone calls and are readily available to meet with parents to discuss concerns or take input on school programs or projects.

The District's ELAC provides opportunities to make connections with parents of English Learners, provide opportunities for input on the LCAP, ESSER III Plan, and other grants, as well as provide education regarding Reclassification and the ELPAC.

Parents interested in meeting with teachers or administrators are encouraged to call the high school office at 707-743-1142 and speak with principal Mikaila Pauli or the Academic Counselor, Joleen Logan. Additionally, parent input is gathered for programs such as Title I, English Language Learners, and Special Education.

## 2025-26 School Safety Plan

The comprehensive school safety plan is revised annually. This plan was most recently reviewed by the staff as a whole, with the District Advisory Committee and adopted by the school board. The plan is also reviewed with local law enforcement.

The comprehensive plan addresses school culture, anti-bullying initiatives, school discipline policies, and emergency procedures. Safety concerns are addressed routinely at Maintenance Operations Transportation and Safety Committee meetings.

Concerns regarding safety, including those related to student behavior are addressed immediately. Students participate in fire, earthquake, lock-down drills throughout the school year.

## Professional Development

Potter Valley Community Unified School District is committed to ongoing professional learning that supports high-quality instruction and student success. In addition to four full professional development days at the start of the school year, the district utilizes 33 minimum days for professional development and Professional Learning Community (PLC) collaboration.

Staff participate in training focused on Positive Behavioral Interventions and Supports (PBIS), Universal Design for Learning (UDL), and English Learner (EL) instructional strategies, in partnership with the Mendocino County Office of Education. Teachers and administrators also receive coaching and support from county office specialists, including reading and instructional coaches. Staff are encouraged to attend online trainings and professional learning forums, as well as to observe classrooms in other schools and districts to strengthen instructional practices.

The district provides ongoing support for new teachers through a mentoring program established in 2014–2015. A district mentor/coach supports teachers with lesson planning, pacing, classroom management, and instructional practices. This support continues to be available to all certificated staff. New teachers also participate in the Induction Program, which includes after-school training, meetings with administration, and classroom observations within and outside the district.

This table displays the number of school days dedicated to staff development and continuous improvement.
